*Guarantees are dependent upon the claims-paying ability of the issuing company. Protection of principal and interest from market volatility assumes no withdrawals during the withdrawal charge period. Rider charges continue to be deducted regardless of whether interest is credited. Guaranteed lifetime income may be provided either by annuitizing an annuity, or through an annuity income rider. Riders are supplemental benefits that can be added to an annuity. Riders are optional, may require additional premium and may not be available in all states or on all products. This is not a solicitation of any specific annuity. Indexed annuities do not directly participate in any stock or equity investments.
